DIGITAL PRINT

*If you have images or
a wide variety colours
in your artwork, digital
print is for you.*

*Digital printing is an excellent option if you require
full colour images. We can print up to 1200mm in
full colour, from promotional items such as vinyl
banners and banner stands, to full vehicle wraps
such as those you see on this page.*

Our products include but are not limited to:

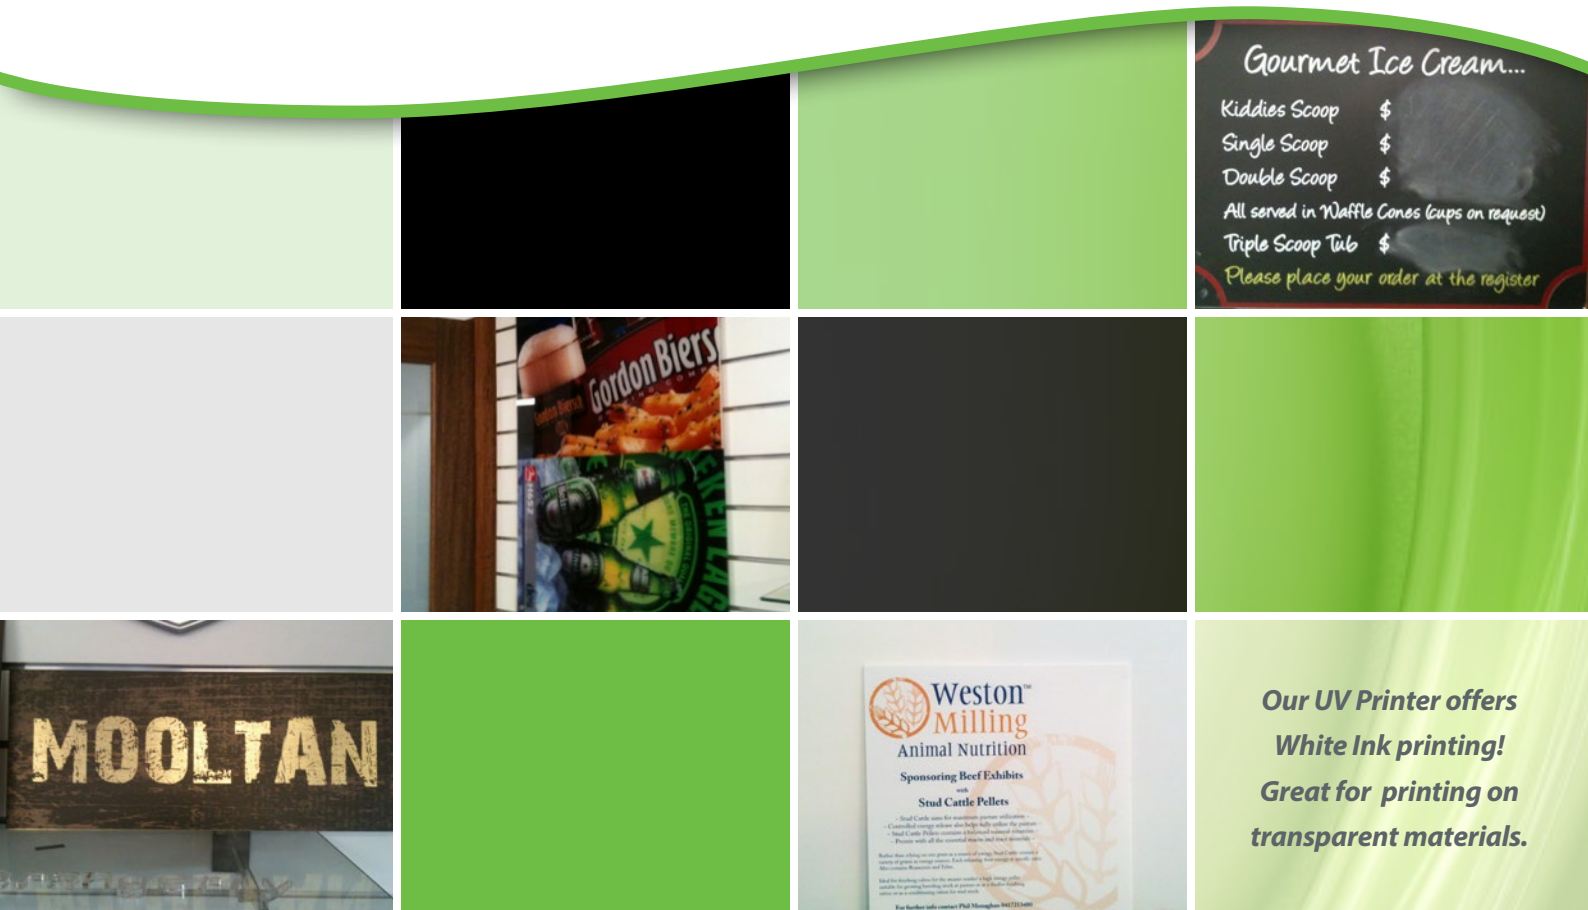

- Complex designs with full colour images
- Windows - opaque or complete blackout
- Oneway visions - for windows
- Full vehicle wraps
- Posters
- Banner Stands
- Vinyl banners with ropes and eyelets
- Banner mesh - great for fence covering

*Sometimes you will only require partial digital print.
We recommend that you speak to one of our staff to
see whether or not digital print is suitable.*

UV PRINT

Our UV printer is very much like our digital printer, only it can print on a wide range of materials with different thickness. Corflutes are among the most popular material to print on and they come in a variety of sizes. We can also print on glass, perspex a wide variety of vinyl including blackboard and clear. The great thing about UV printing is that it also prints white!

Our products include but are not limited to:

- Real Estate Corflute
- Tradesman Site Signs
- Outdoor Signs
- Temporary Signs
- Timber Prints
- Glass Prints
- Glass Splashbacks
- Canvas Prints
- Blackboards
- Promotional Corflutes
- Perspex Prints
